

Chadash*

3rd and 4th Grade Learning Experience
at Temple Chaverim

*Temple Chaverim's
NEW
educational experience
for 3rd and 4th
Graders:*

An opportunity to explore Judaism and Jewish learning through different avenues of learning, like the arts and STEM, with hands-on learning.

- Focus on each student's individualized growth with small group Hebrew learning*
- Dedicated to building and strengthening community between peers, families, clergy and educators*

In developing Chadash, we moved away from the traditional "Religious School" model. In its place, we have created a learning experience for our students of Jewish exploration that is interactive and community-driven.

Students will have opportunities to engage in our rich, Jewish tradition together with their peers.

They will be involved in a model of education that highlights cooperation, individual growth, and social connections. Our goal through Chadash is to provide all of our students with meaningful Jewish learning that will help them create a strong

foundation upon which they will build their futures as Jewish adults.

If you have any questions or concerns you may contact Rabbi Bennet at rabbibennet@templechaverim.org or (516) 367-6100
