

Shalom Chaverim,

Mah Nishma? Hakol B'seder?

Have you learned your aleph-bet and are looking to expand your reading and comprehension skills? Perhaps you'd like to pick up on some basic conversational Hebrew?

Rabbi Zeller is teaching a class for Hebrew 102 students - those who have a basic familiarity with Hebrew letters (though we could all use a review) and who want to keep going. In this 7 week course, we will be working on sight reading, basic vocabulary and some conversational Hebrew.

Don't be intimidated by Hebrew - Be curious! We will go at the pace that the class needs, in order to maximize learning.
